Course Code	CRITICAL READING OF LITERATURE	L	T	P	C
MMEDU20S105		8	0	4	12
Pre-requisite	Nil	Syllabus version			
		100 Marks			
Course Objectives					
<ul style="list-style-type: none"> • Enable students to develop an understanding of how texts are constructed. It consists of reading and writing, as well as critical analysis and structuring of texts. • The main objective is to strengthen the students' ability to process their own texts and to increase their independence in producing written work. 					
Course Outcome					
<ul style="list-style-type: none"> • Students should be able to identify, analyze, interpret and describe the critical ideas, values and themes that appear in literary and cultural texts and understand the way these ideas, values and themes inform and impact culture and society, both now and in the past. 					
Student Learning Outcomes (SLO)					
<ul style="list-style-type: none"> • Understand the importance of reading as part of a creative writer's development • Engage analytically and critically with a range of literary and media texts • Recognize how critical reading supplies writers with inspiration and ideas • Understand through writing practice one or more of the genres of fiction, creative nonfiction, poetry and scriptwriting • Engage with postgraduate modes of reading and writing practice. 					
<ul style="list-style-type: none"> • Each M.Ed. student is required to undertake dissertation work as part of his/her courseware. • The selection of a dissertation topic is usually preceded by a critical reading of literature available in his/ her area of research interest in the form of theses, dissertation abstracts and research articles published in professional journals, book of readings, policy documents and project reports and so on. • As a part of this course, each M.Ed. student will write abstracts of theses/ book reviews/ critical reviews of published research papers/ policy documents pertaining to the chosen area of research. The exercise will be undertaken under the close guidance and supervision of the research guide allotted to the candidate. It is supposed to help the students in identifying knowledge gaps and formulation of the research problem. Internal marks will be awarded by the research guide of the candidates on the basis of the record of such reviews of research literature maintained by the scholars. 					60 Hrs
Practical: Written and oral Examination
